Thaw Pierogies: Remove from freezer and refrigerate for 24 hours prior to using. If pierogies must be used immediately, place pierogies in hot tap water for approximately 5 minutes. For more pierogies, increase time.

DEEP FRIED: Place frozen pierogies in a fryer that has been preheated to 350F. Cook until pierogies are nicely browned and float, approximately 4 minutes.

BOILED: Drop frozen pierogies in water that's already been heated to a rolling boil over high heat. Pierogies will float in about 5-7 minutes; drain.

STEAMED: Place Pierogies in a slotted or solid pan with oil and set timer for 5 minutes. When steaming more than one pan, allow an additional 2 minutes per pan.

SAUTEED: Sauté frozen pierogies in a skillet with butter or oil on medium heat. Turn occasionally until golden brown on both sides, approximately 8 minutes.

BAKED: Place frozen pierogies on a baking sheet lightly coated with nonstick vegetable spray. Spray tops of pierogies as well. Bake for 18 to 20 minutes at 400F. For best results, turn pierogies over halfway through baking time.

Casserole Baking: Coat frozen Pierogies with your favorite sauce in a steam table or aluminum pan. Cover pan with a steam table pan lid or aluminum foil and bake at 325F to 350F for approximately 20 to 30 minutes.

MICROWAVE: Place a serving (3 or 6 pierogies) in a microwave safe bowl and cover completely with water. Cover bowl loosely with plastic wrap and microwave on high for approximately 5 minutes. (Cooking times may vary with microwave.)

Cooking times may vary according to equipment used.
